STYLE GUIDE

THEME NARRATIVE | Legacy Grandparenting Summit 26

Set your minds on things that are above, not on things that are on earth.

COLOSSIANS 3:2 ESV

When we view life through the lens of eternity, our priorities shift. This year's theme invites us to invest our time and resources in what lasts. Because what we do now impacts not only our children and grandchildren, but untold generations to come.

The LGS theme visuals use one simple element—a dot—in two distinct ways to communicate different aspects of the theme.

Confetti: Each piece of confetti represents a family member who comes to saving faith in Christ and the joyful celebration that follows. (Luke 15)

Pointillism: The theme verse challenges grandparents to think beyond the two or three generations they will see here on earth, and instead think about the many generations that may gather in heaven because of their faithful witness to God's goodness.

The pointillism motif represents an aerial view of the many generations a grandparent has potential to impact.

IMAGERY | Photo Styles

Bio photos isolate the headshot from the background and add an overlay set to “color” blending mode. The main background color may be chosen from the “main” palette. A glow should be added to the background to mimic the light source in the photo.
